

# FREEWAY MANOR NORTH RECONSTRUCTION PROJECT

HOUSTON  
PUBLIC WORKS

## CIP No. M-410010

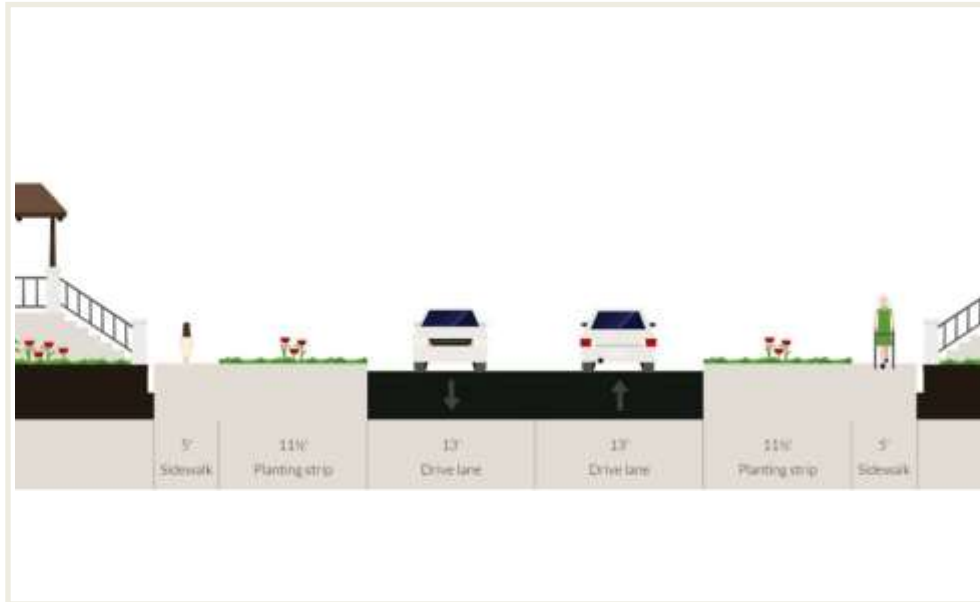

This Capital Improvement Project has been funded and started design in 2015 with construction planned for 2022. The Freeway Manor North Area Drainage and Paving Improvements Project provides upgraded storm sewer systems and a complete reconstruction of existing pavement, 5-foot sidewalks and driveways to meet ADA standards on all streets along Avenell Road, Frey Road, Bronson Street, and Theta Street with intersecting streets between Globe Street and Edgebrook Drive. Project area improvements will also include construction of new sanitary sewer and water lines. All work is planned to be done within the existing right-of-way.
