

# KIRKWOOD SOUTH RECONSTRUCTION PROJECT

## KIRKWOOD SOUTH CIP NUMBER : N-100029 — Typical Cross Section

This Capital Improvement project on Kirkwood contains two sub-projects. The first sub-project is between Briar Forest and Buffalo Bayou. It has been funded and started design in 2016 with construction planned for 2018. The second sub-project is between Westheimer and Briar Forest. Design is projected in 2017, and construction estimated in 2020. The reconstruction will include four lanes with on-street bike lanes and the reconstruction of the intersection at Briar Forest. The reconstruction will include wider street lanes, left turn lanes at median openings, bike lanes, and sidewalks. Wastewater and water utilities will be updated as necessary. All work will be done within the existing right-of-way with the exception of limited additions at the intersection of Briar Forest.

### PROPOSED

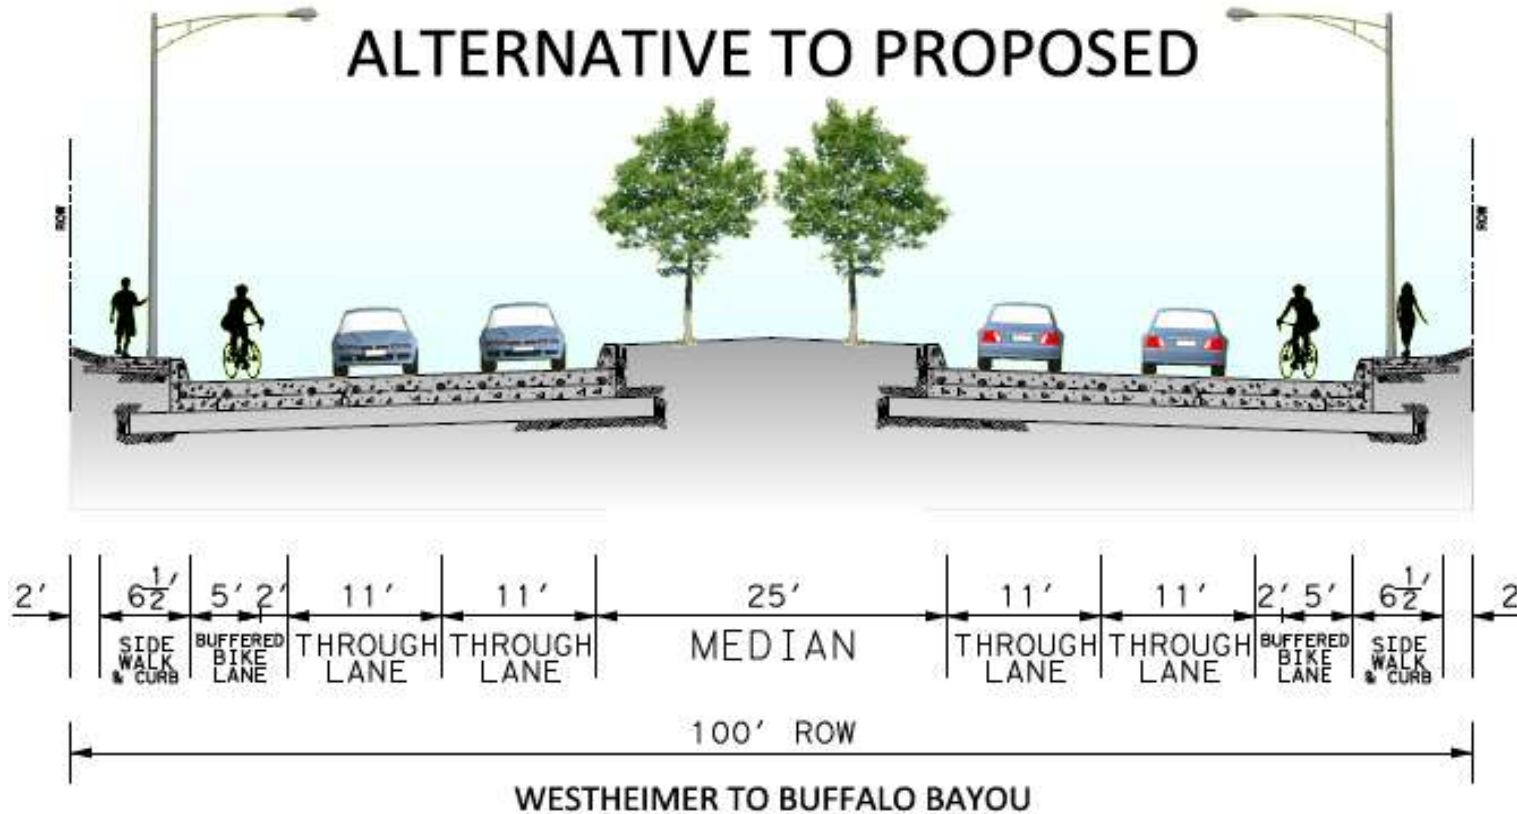

### The reconstruction of Kirkwood (both sub-projects) includes:

- 4-lane streets with on-street bike lanes
- Sidewalks will be widened to 6'
- Underground storm sewer will be replaced within the reconstructed segment
- Roadway will be reconstructed
- All work will be within the existing right-of-way with the exception of limited additions at the intersection of Briar Forest and Kirkwood

# KIRKWOOD SOUTH RECONSTRUCTION PROJECT

KIRKWOOD SOUTH CIP NUMBER : N-100029 — Typical Cross Section

**The reconstruction of Kirkwood (both subprojects) includes:**

- 4-lane streets with on-street bike lanes
- Sidewalk and curb will be 6.5'
- Underground storm sewer will be replaced within the reconstructed segment
- Roadway will be reconstructed
- All work will be within the existing right-of-way with the exception of limited additions at the intersection of Briar Forest and Kirkwood

**Potential pedestrian realm conflicts with alternative:**

- Street Lights
- Power Poles
- Fire Hydrants
- Sidewalks

Providing input on or before October 31, 2016 allows us to stay on schedule

ABOUT REBUILD HOUSTON: Approved by voters in 2010, ReBuild Houston is the City's innovative program managed by the Department of Public Works & Engineering. Its mission is simple — to reduce flooding and improve mobility and quality of life throughout the city. Its fiscally responsible approach (pay-as-you-go) is to pay off old debt each year and use the remaining funds to reconstruct our streets and drainage. To make the most out of available revenue, reconstructing streets and drainage systems are completed in areas of the city that have the greatest need, and where reconstructing the old infrastructure will have the greatest benefit to the community. Rebuild Houston makes the most of every dollar spent to build better streets, better drainage and a better future. FOR MORE INFORMATION, GO TO [REBUILDHOUSTON.ORG](http://REBUILDHOUSTON.ORG)
