

DEDICATED DRAINAGE AND STREET RENEWAL FUND

Description and Mission

Administer the Rebuild Houston initiative in accordance with City of Houston Charter and Ordinance to enhance quality of life by minimizing flooding and improving mobility, street and bridge infrastructure, public safety, and economic vitality.

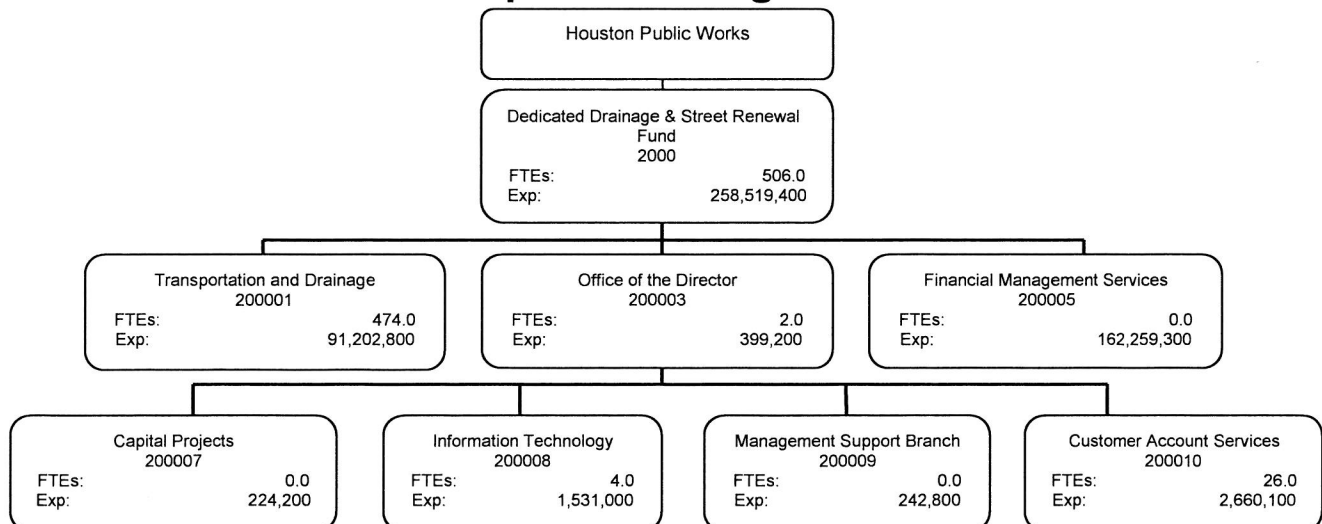

Department Short Term Goals

- Continue to increase Community/Stakeholder involvement:
 - Adopt-a-ROW
 - Input on Street and Drainage projects.
- Continue to expand Pavement Management Information System.
- Continue to perform preventive maintenance on Signal and Intersection Optimization per Federal Highway Administration (FHWA) requirements.
- Continue to comply with FHWA's other recommended guidelines.
- Continue to communicate to the public the benefits of the Rebuild Houston initiative through speaking engagements, stakeholder meetings, media, and other channels.
- Continue to interface with the Houston Permitting Center to accurately and timely bill for new improvements.
- Continue to develop recommendations for a Bridge Management Information System.
- Continue to implement a pavement markings maintenance program.
- Continue to implement a pavement preservation treatment on citywide streets.

Department Long Term Goals

- Improve efficiency and effectiveness in the daily operations and responsiveness to public requests via 311.
- Continue pursuing better streets and better drainage.
- Leverage technology, social networks and grassroots outreach strategies to proactively update the public on improvements to drainage and street infrastructure.
- Provide superior customer service through accurate & on-time billing, collection, and account services.
- Foster opportunities to improve infrastructure by means of prioritization, standards, and intergovernmental relationships.
- Advance traffic maintenance operations by closely coordinating emerging traffic control solutions including automatic vehicle counting, increasing the existing bluetooth enabled traffic flow monitoring, installing video cameras, and digital signage that communicates over the HPW WIMAX network.
- Implement an advanced intelligent transportation system that enables the Transportation and Drainage Operations Service Line to provide real-time traveler information, optimize signal operations, respond to congestion and improve capacity.
