

Huntington Village NEIGHBORHOOD RECONSTRUCTION

Huntington Village CIP Number: N-210006

This Capital Improvement Plan project is funded and currently in design with construction planned for 2020. The project boundaries are north of W. Belfort Ave., west of S. Dairy Ashford Rd., south of Keegans Bayou and east of Tenneco Dr. This project proposes an extension of Huntington Estates Drive to provide additional access to the residential area. The extension will benefit the area by providing improved traffic flow to the subdivision and additional access to emergency personnel.

DRAFT FOR DISCUSSION PURPOSES ONLY

Huntington Village NEIGHBORHOOD RECONSTRUCTION

Huntington Village CIP Number: N-210006

Improvements to the neighborhood streets will include: Replacement of pavement, upgraded drainage system, new 5-foot sidewalk with ramps to meet ADA standards, water and wastewater utilities as necessary. All work will be done within the existing ROW.

Providing your input on or before **June 19th** will allow us to stay on schedule

ABOUT REBUILD HOUSTON: Approved by voters in 2010, ReBuild Houston is the City's innovative program managed by the Department of Public Works & Engineering. Its mission is simple — to reduce flooding and improve mobility and quality of life throughout the city. Its fiscally responsible approach (pay-as-you-go) is to pay off old debt each year and use the remaining funds to reconstruct our streets and drainage. To make the most out of available revenue, reconstructing streets and drainage systems are completed in areas of the city that have the greatest need, and where reconstructing the old infrastructure will have the greatest benefit to the community. Rebuild Houston makes the most of every dollar spent to build better streets, better drainage and a better future.
