

# CLOVERLAND AREA RECONSTRUCTION

## ADDRESSING SAFETY, DRAINAGE AND MOBILITY

The project will improve the Cloverland area neighborhood streets and drainage. Reconstruction will include storm drainage, pavement, sidewalks, sewer infrastructure, and street lighting.

**ABOUT REBUILD HOUSTON:** Approved by voters in 2010, ReBuild Houston is the City's innovative program managed by the Department of Public Works & Engineering. Its mission is simple — to reduce flooding and improve mobility and quality of life throughout the city. Its fiscally responsible approach (pay-as-you-go) is to pay off old debt each year and use the remaining funds to reconstruct our streets and drainage. To make the most out of available revenue, reconstructing streets and drainage systems are completed in areas of the city that have the greatest need, and where reconstructing the old infrastructure will have the greatest benefit to the community. Rebuild Houston makes the most of every dollar spent to build better streets, better drainage and a better future. **FOR MORE INFORMATION, GO TO [REBUILDHOUSTON.ORG](http://REBUILDHOUSTON.ORG)**
