

GULFWAY TERRACE RECONSTRUCTION PROJECT

CIP No. M-410007

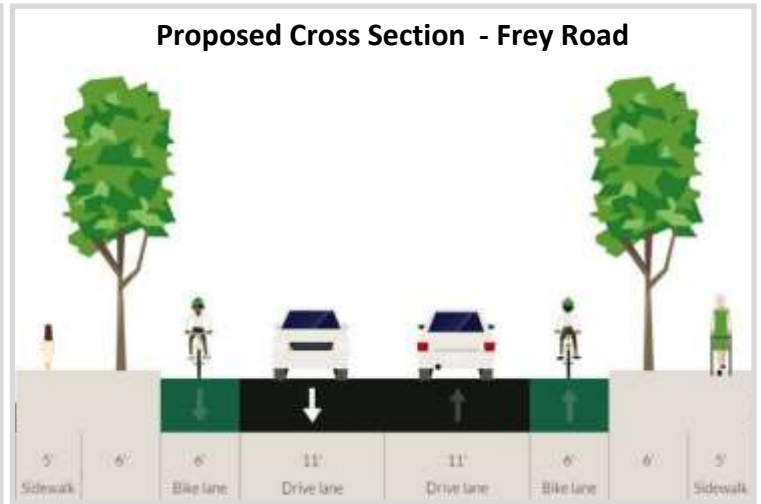

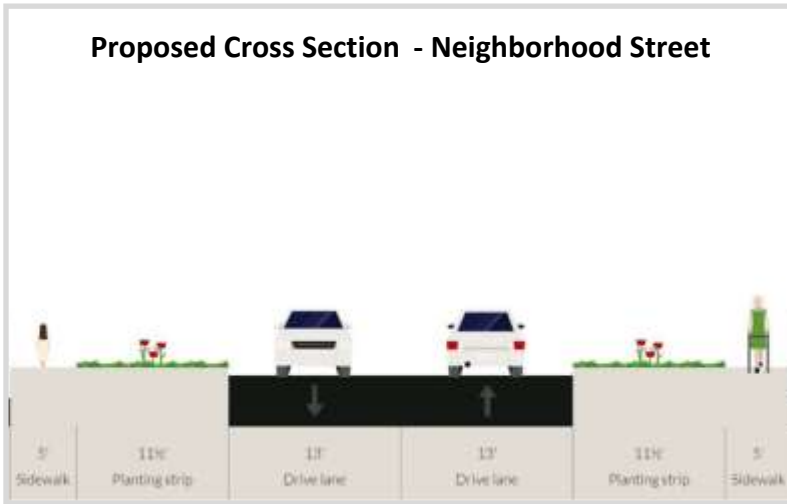

Phase I of this Capital Improvement project has been funded and started design in 2015 with construction planned for 2019. Phase II will be programmed in future Capital Improvement Plans. This storm water drainage project provides drainage improvements along Frey Road and intersecting streets between Hinds Street and Almeda Genoa Road. Reconstruction will also include full reconstruction of pavement, 5 ft. sidewalks with crosswalks to meet ADA standards on all streets, and underground sanitary sewer lines as needed. All work will be within existing right-of-way.
