

# EL DORADO BOULEVARD RECONSTRUCTION

This Capital Improvement Plan project, between Clear Lake City Boulevard to just south of Horsepen Bayou. The project consists of the construction of the remainder of the planned Boulevard roadway that was not built with the construction of the original development. The project will include a new bridge over Horsepen Bayou. ***Design is ongoing and construction is estimated to start in the winter of 2018.*** Three design options with varying median widths are available with varying tradeoffs.

## ***Improvements will include:***

- Expansion of roadway to four lanes with center median (see back for width options)
- Concrete Pavement
- Reconfiguring of necessary electrical poles to center of median

ALL COMMENTS ARE DUE BY Dec. 15, 2017. PLEASE EMAIL ALL QUESTIONS AND COMMENTS TO [REBUILDHOUSTON@HOUSTONTX.GOV](mailto:REBUILDHOUSTON@HOUSTONTX.GOV)

# EL DORADO BOULEVARD RECONSTRUCTION MEETING

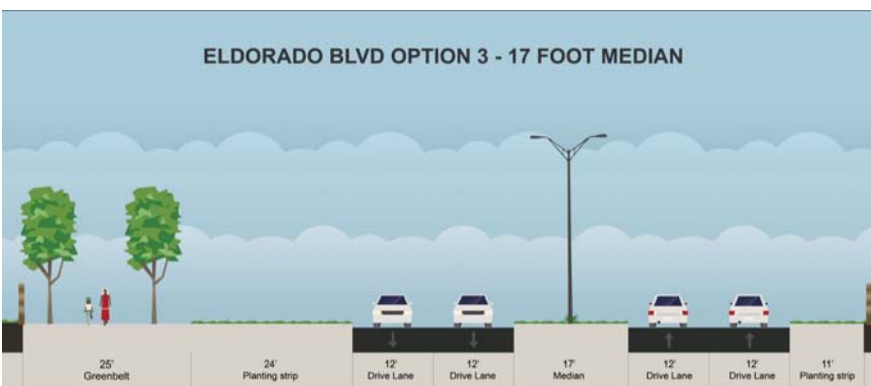

## Option 1 (32-foot median)

- Cost of pole relocation minimized
- May result in mitigation of some greenbelt trees

## Option 2 (22-foot median)

- **Preferred Alternative**
- Cost of pole relocation increases
- Greenbelt tree mitigation may occur to lesser extent

## Option 3 (17-foot median)

- Cost of pole relocation greatly increases
- Greenbelt tree mitigation may occur to lesser extent
